James, originally from Napa Valley, brings a unique blend of craftsmanship and refined aesthetic sensibility to his work as a design consultant. With over a decade of experience in the remodeling industry in San Diego, he and his wife successfully managed their own real estate investments, specializing in kitchen, bathroom, and granny flat remodeling and construction.

James is hands-on, with experience ranging from demolition and framing to electrical, tile work, design, budget/investment analysis, finance, and space optimization. His Napa Valley roots—and his certifications as a Certified Specialist of Wine (CSW) and a Certified Sommelier (Level 2)—reflect his appreciation for thoughtful design, detail, and lifestyle-focused spaces. He thrives on transforming ideas into beautifully crafted remodels that reflect both functionality and elevated living.

*“The end result is absolutely stunning. James and his team demonstrated professionalism, skill, and genuine care throughout the entire process. We couldn’t be happier with our new space, and we highly recommend James to anyone looking for a knowledgeable and trustworthy contractor.”*

*“We commend James and his team for their outstanding work in converting the lower level of our home into an elderly-friendly ADU. From the very beginning, James took the time to understand our needs, ensuring that every aspect of the project aligned with our goal of aging in place. His attention to detail and thoughtful approach made all the difference. He introduced us to numerous design ideas that enhanced both the comfort and functionality of the space, many of which we wouldn’t have considered on our own. His expertise and dedication to creating a beautiful, safe, and accessible living environment truly exceeded our expectations. The new bathroom is so nice!”*

## EDUCATION:

Associates Degree in Psychology  
Mesa College, San Diego, CA
