With over a decade of experience in the construction and design industry, Alice has helped homeowners transform their spaces with innovative, functional, and timeless designs. She specializes in high-end home renovations, ensuring that every project enhances both aesthetics and livability. Her ability to blend creativity with technical expertise allows her to guide clients seamlessly through the remodeling process, from initial concept to final execution.

Alice's passion for design is deeply influenced by her travels—having explored nearly 40 countries, she draws inspiration from diverse cultures, historical architecture, and the natural relationship between spaces and their surroundings. She believes that the best designs not only reflect a client's personal style but also improve the way they experience their home. Her approach prioritizes collaboration, problem-solving, and a keen understanding of construction, ensuring that every detail aligns with the client's vision while maintaining structural integrity.

Beyond design, Alice is an avid scuba diver, skier, and food enthusiast who loves exploring San Diego's vibrant restaurant scene. She continuously invests in professional development, earning industry-recognized certifications and staying at the forefront of evolving design trends. Whether consulting on a kitchen remodel, a full home renovation, or a custom home build, she is committed to delivering solutions that elevate both form and function.

## CLIENT ADVOCATE AND VISIONARY:

I act as the client's advocate throughout the entire remodel. Recognizing that remodeling is a complex process involving significant investments of time and money, I take this responsibility very seriously. My role is to help clients define their goals and create options that maximize value and efficiency. Having successfully navigated numerous remodels, I can anticipate and mitigate challenges before they arise. When something does come up, the entire Marrokal team has a wealth of knowledge and experience—a solution is always available.
